

PLEASE JOIN US FOR THIS MONTH'S VIRTUAL CME:

Toxic Drug Emergency in the Interior: Update for Physicians in Vernon

- Understand the fundamental concepts of substance use at the population level.
- Review history of prohibition in Canada and legal context that is causing deaths daily across the province.
- Analyze toxic drug emergency data specific to BC, the Interior, and Vernon.
- Access resources detailing harm reduction services and data available locally.
- Describe the public health approach (policy and regulatory frameworks) to substance harm reduction.
- Review the benefits and limitations of the prescribed alternatives model recently reviewed in the Provincial Health Officer report.
- Visualize non-medical models for opioid regulation.
- Report results from internal IH chart review.
- Apply a call to action.

Date: Thursday, April 11th, 2024 8:00 – 9:00 AM

Presenter: Dr. Carol Fenton (BHSc MSc MD FRCPC, Medical Health Officer)
